

Tiki residents

May 27,2021

To all Tiki residents that own a golf cart needs to have it registered and have a golf cart license plate from the county Tax Assessor-Collector's office. This went an effect in the year of 2019. I Chief Adren Sustaita know that some residents did not know that this law went in effect. Please everyone that owns a golf cart and going to be riding in the village of Tiki island comply with the Texas law of golf carts. I know we all been going through tough time with covid everyone staying home and now tax office to get your licenses plate are closed at this time so we will not enforce the golf cart law and will give a grace period from May 27,2021 till June 15, 2021 that will give everyone plenty of time to take care of your golf cart.

Transportation code 551.402 Golf carts

Thanks to all Tiki residence have a Happy and safe Memorial Day.

Tiki Island Police Chief Adren Sustaita
